

Saint Alphonse

SPORTS MEDICINE

Hello and welcome to Boise, Idaho!

My name is Caleb Anderson and I am honored to be your Host Medical Coordinator for this year's FarWest Regional Championship. Here is a brief overview of the medical services and where to find them.

We will have medical tents set up around the complex, with the main medical tent located above field 6. Each tent will be staffed by certified athletic trainers. Medical services will be available starting one hour before the first game of the day and conclude after the final game is completed. Main Medical (above field 6) will be open on Thursday from 10:00am- 12:00pm for any athletes that need to be seen on the off day.

When an injury occurs, the host medical team will make the decision if the player is to return to competition. This decision does not fall on the coach or on team officials. The decision will be based upon Idaho Law of Medical Practice.

We once again are proud to be offering our medical services for this year's tournament. We have a long standing history of covering this tournament since 1995 and our number one priority is athlete safety.

Kind regards,

Caleb Anderson MS, LAT, ATC
