RE: PARKING for Games at Rockford Sportscore I and II

---

Be advised that the Rockford Park District is implementing a new parking fee structure and system form 2009.

In the past, each car entering the complex was assessed a \$5 parking fee at the time of entry. This process resulted in the backing up of traffic throughout the complex and onto the main road.

In order to alleviate this situation, the Rockford Park District will be assessing a flat \$60 parking fee for every team that is participating in soccer games during a weekend. Thus teams will need to pay this fee at the same time that Referee Fees are collected at check in.

More information will be distributed to teams prior to the MRL Rockford event (April 25-26).
