DEFINITIONS
DEFINITIONS

NATIONAL LEAGUE

The USYS National League encompasses the entire scope of the competitive leagues and league-related competitions managed by US Youth Soccer at the national and multi-state levels. It includes the National League Conferences, the National League Showcase Series and the National League Playoffs.
DEFINITIONS

CONFERENCES
The USYS National League Conferences make up the primary league competition in the National League. Established in the 2018-19 seasonal year as part of the reimagined leagues structure, the network of 13 competitive Conferences operate at a multi-state level — providing high-level competition on a consistent basis at a targeted local level.

(See Pages 7-8 for a breakdown of 13 Conferences)

Each Conference may include multiple levels of competition known as divisions. The top division for Conferences is the Premier I Division, followed by the Premier II Division and the First Division. Select conferences may include Club vs. Club Divisions, which are equivalent to the Premier I level.

- Top performing teams in the 13U-18U age groups of each Conference’s Premier I (or Club vs. Club) Division have the opportunity to earn qualification into the following season’s National League Playoffs.

- Top performing teams in the 13U-19U age groups of each Conference’s Premier I (or Club vs. Club) Division may earn automatic qualification for the current season’s US Youth Soccer Regional Championships (NCS).

STATE-OPERATED LEAGUES
Leagues managed and operated by US Youth Soccer State Associations can be used as criteria to help determine placement into USYS National League Conferences for each seasonal year.
DEFINITIONS

NATIONAL LEAGUE SHOWCASE SERIES
The USYS National League Showcase Series provides a national platform for teams to compete in cross-conference matches against similarly-performing opponents. A seeding structure increases the likelihood of evenly-matched games that produce an ideal evaluation environment for scouts from all levels, including college, professional and international, as well as the US Youth Soccer Olympic Development Program (ODP).
DEFINITIONS

NATIONAL LEAGUE PLAYOFFS

The USYS National League Playoffs features top teams competing to determine the National League representatives to the annual US Youth Soccer National Championships. For both genders, up to 16 per age group qualify for the National League Playoffs, which take place alongside select National League Showcase Series events.
