

US YOUTH SOCCER NATIONAL LEAGUE

2019-2020 SEASONAL YEAR INFORMATION

as of May 13, 2019

1. INTRODUCTION

The US Youth Soccer National League (NL) will conduct its 13th seasonal year of competition in the 2019-2020 seasonal year (September 1, 2019-August 31, 2020). Information can be found here:

<https://www.usyouthsoccer.org/national-league/>

This competition is for the National Tier of play. Information on the Multi-State Tier comprised of leagues known as Conferences is available here: <https://www.usyouthsoccer.org/leagues/>

We will have National League play in Boys and Girls age groups as follows:

- 14U (2006's) – for players born on January 1, 2006 or later -- each gender will have up to a maximum of 32 teams
- 15U (2005's) – for players born on January 1, 2005 or later -- each gender will have up to a maximum of 32 teams
- 16U (2004's) – for players born on January 1, 2004 or later -- each gender will have up to a maximum of 32 teams
- 17U (2003's) – for players born on January 1, 2003 or later -- each gender will have up to a maximum of 32 teams
- 18U (2002's) – for players born on January 1, 2002 or later -- each gender will have up to a maximum of 32 teams
- 19U (2001's) – for players born on January 1, 2001 or later -- each gender will have up to a maximum of 16 teams

The National League provides an avenue for teams to play in meaningful matches against top competition from across the country for continued development. National League teams compete for the National League division titles within their gender age groups and 4 slots in each gender age group of the annual US Youth Soccer National Championships Finals, the oldest and most prestigious youth soccer national championships.

Teams that earn their spots in the National League have a proven track record of success in US Youth Soccer regional and national competitions, and are among the nation's best. Hundreds of college scouts usually attend each National League weekend, creating another significant opportunity for the nation's collegiate and National Team coaches to see National League players in an environment of meaningful play, citing the competitive level of each game as every team has to earn their spot in the competition, regardless of club affiliation or location.

Teams either qualify for National League spots, or are selected by the NL Team Selection Committee for remaining open slots. Qualification and selection spots may vary based on a specific gender age group (specific information is provided on each gender age group on pages 2-13).

Note: when using the term "National Championships" or "National Championships competitions" we are referring to the US Youth Soccer competition sometimes listed as the "National Championship Series." This competition includes State Cup competitions, the four Regionals, and the National Championships Finals.

****NOTE:** The NCAA recently adopted a proposal that affects the permitted recruiting times for men's Division I college soccer. Among the changes is a recruiting dead period that runs from the Friday through Sunday of the NCAA Division I Men's Soccer Championships. For 2019, this means no recruiting is allowed Dec. 13-15 by DI coaches, which creates significant overlap with the planned dates of Thursday, Dec. 12 through Sunday, Dec. 15 for the Boys NL Fall Showcase. Because of the new recruiting dead period, and in order to provide as much exposure to college coaches as possible for the players, the National League is starting the 17U, 18U and 19U matches on Wednesday, Dec. 11. This will allow for an additional day of recruiting availability for Division I college coaches and scouts.**
