

Applying for the US Youth Soccer National League Conferences in GotSport

This guide can be used when registering for the US Youth Soccer Frontier Conference. If you have any questions after going through the registration process, please email Scott Belton (sbelton@usyouthsoccer.org).

1. To retrieve the link to register, please see your conference overview document.
2. Once you access the registration form, you will be prompted to login to your existing GotSport account (option 1 in the screenshot below) or to create a new account (option 2 in the screenshot below). If you create a new account, continue to Step 3. If you have an existing account and can login, skip ahead to Step 4. Please double-check with any other coaches/managers associated with your team to ensure they have not already created an account for your team.
 - a. GotSport is different from GotSoccer, so if you have not used the new system before, you will need to create a new account. Your login information from GotSoccer will not work in GotSport.

The screenshot shows a web page titled "Register". Below the title is a message: "You must have a GotSport account to register. Sign in or create an account below to get started." There are two main options: 1. A login form with fields for "Email/UserID" and "Password", a blue "Log In" button, and a link for "Forgot Password?". A red box highlights this entire section, with a large red number "1" to its right. 2. A link that says "Dont Have An Account? CREATE AN ACCOUNT". A blue box highlights this link, with a large blue number "2" to its right.

3. Any items with an asterisk (*) are required, but it is highly encouraged to enter all information as you will need to enter this information later in the application process.
 - a. If your club does not appear in the list, please send an email to sbelton@usyouthsoccer.org with the name of the club and the state the club is associated with. Once you have sent the email with this information, please allow 1-2 business days for the club to be loaded into the system so it appears in the drop-down list. You will receive an email when it is available in the drop-down list.
 - b. The email you enter under the Email/UserID field will be your username for login. Be sure to make a note of the email address and password you use as this login information will need to be used throughout the season to make updates to the team's roster, coach, manager, and submitting forms.

- c. The Club you choose in the drop-down list cannot be changed once you sign up for an account, so be sure to choose the correct club when creating your account.
4. If you have created a team within your account already, it will appear on the left-side of the screen with a Register button next to their name. If you have already created the team, click Register and skip to Step 8. If you have already begun the application process with a team, there will be a Continue button instead of a Register button. You can click it and your information from the previous attempt to register will be saved.

The screenshot shows the 'Register' page. On the left, under 'My Teams', there is a team named 'USYS Test Coach' with a 'Register' button highlighted by a red box. On the right, the 'Search Teams' section includes a search bar for 'Search Team Name', a 'Club' dropdown menu, 'Gender' and 'Age' dropdown menus, and a 'Search' button.

5. If you have not created a team, on the right-side of the screen, use the Search Teams block. Select the Club the team is associated with, along with the Gender and Age Group for the 2021-22 seasonal year (birth year chart for 2021-22 is below). Make sure the age group you select is the age group you will be placed in for the event. The Club you choose must be the same club you chose when you created your account. Once you have selected the club, gender, and age group, type in the team name under Team and click Search. If your team appears in the search, please contact other individuals tied to the team as this means the team has already been created and, possibly, registered for the event already. Be sure to select the correct Club as it cannot be changed past this point.
