

Applying for the US Youth Soccer Frontier Development League in GotSport

This guide can be used when registering for the US Youth Soccer and the Frontier Development League (FDL). If you have any questions after going through the registration process, please email Scott Belton (sbelton@usyouthsoccer.org).

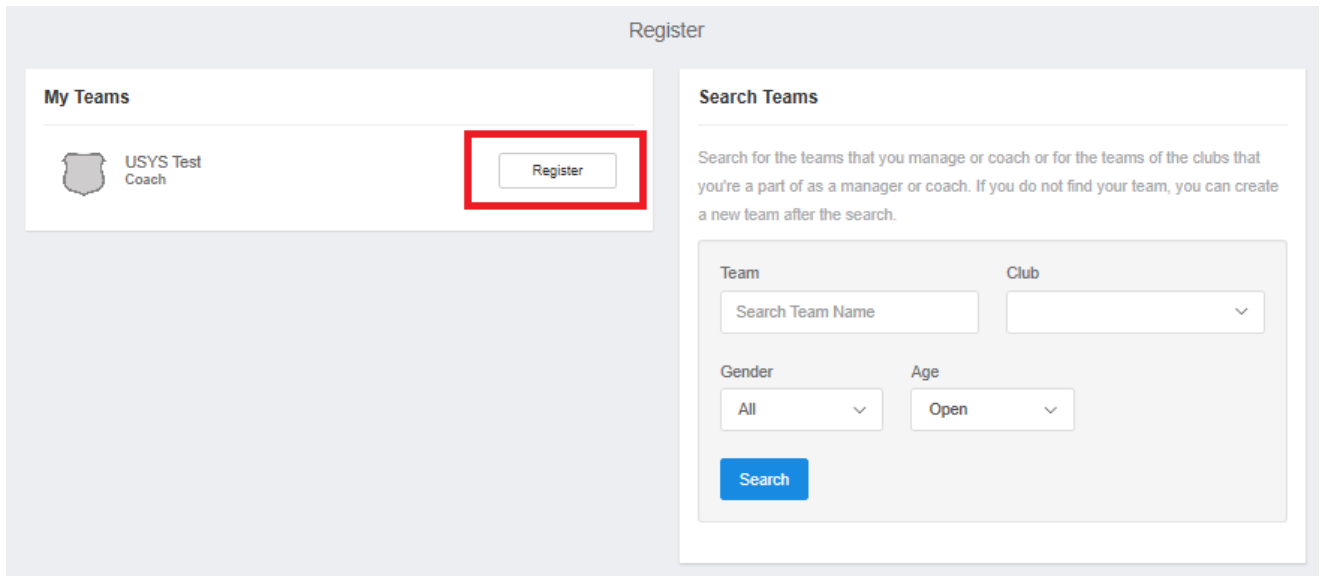

1. To retrieve the link to register, please go to the Frontier Development League Tab on the Frontier Conference webpage.
2. Once you access the registration form, you will be prompted to login to your existing GotSport account (option 1 in the screenshot below) or to create a new account (option 2 in the screenshot below). If you create a new account, continue to Step 3. If you have an existing account and can login, skip ahead to Step 4. Please double-check with any other coaches/managers associated with your team to ensure they have not already created an account for your team.
 - a. GotSport is different from GotSoccer, so if you have not used the new system before, you will need to create a new account. Your login information from GotSoccer will not work in GotSport.

The screenshot shows a "Register" page with a light gray background. At the top, it says "Register" in a light blue font. Below that, a message reads: "You must have a GotSport account to register. Sign in or create an account below to get started." There are two main options: 1. A white box with a red border containing "Email/UserID" and "Password" input fields, a blue "Log In" button, and a "Forgot Password?" link. A large red number "1" is next to this box. 2. A blue box with a white border containing the text "Dont Have An Account? CREATE AN ACCOUNT" in white. A large blue number "2" is next to this box.

3. Any items with an asterisk (*) are required, but it is highly encouraged to enter all information as you will need to enter this information later in the application process.
 - a. If your club does not appear in the list, please send an email to sbelton@usyouthsoccer.org with the name of the club and the state the club is associated with. Once you have sent the email with this information, please allow 1-2 business days for the club to be loaded into the system so it appears in the drop-down list. You will receive an email when it is available in the drop-down list.
 - b. The email you enter under the Email/UserID field will be your username for login. Be sure to make a note of the email address and password you use as this login information will need to be

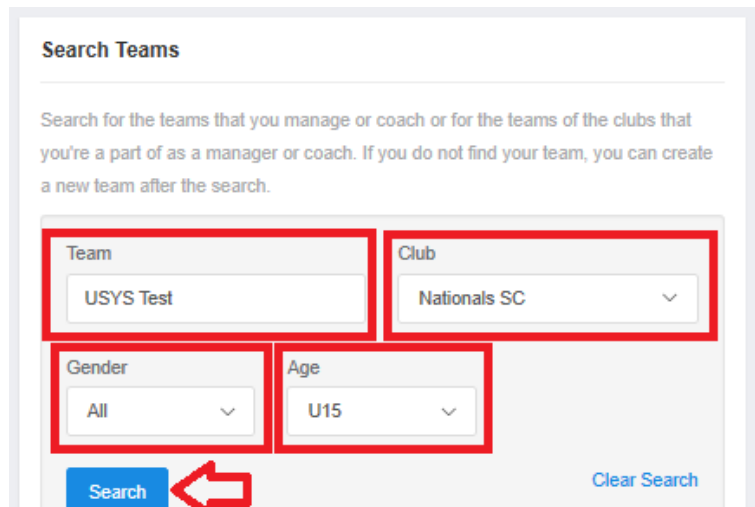

used throughout the season to make updates to the team's roster, coach, manager, and submitting forms.

- c. The Club you choose in the drop-down list cannot be changed once you sign up for an account, so be sure to choose the correct club when creating your account.
4. If you have created a team within your account already, it will appear on the left-side of the screen with a Register button next to their name. If you have already created the team, click Register and skip to Step 8. If you have already begun the application process with a team, there will be a Continue button instead of a Register button. You can click it and your information from the previous attempt to register will be saved.

5. If you have not created a team, on the right-side of the screen, use the Search Teams block. Select the Club the team is associated with, along with the Gender and Age Group for the 2020-21 seasonal year (birth year chart for 2020-21 is below). Make sure the age group you select is the age group you will be placed in for the event. The Club you choose must be the same club you chose when you created your account. Once you have selected the club, gender, and age group, type in the team name under Team and click Search. If your team appears in the search, please contact other individuals tied to the team as this means the team has already been created and, possibly, registered for the event already. Be sure to select the correct Club as it cannot be changed past this point.
