RE: National Championships 2024

*Please feel free to share this letter with your schools*

On behalf of the US Youth Soccer, we would like to request the release of all players that are members of National Championship teams from your school to participate in our event during July 2024. We realize the importance of a player's education and strive to accommodate the academic calendar that varies from state to state, as much as possible, while also being cognizant of the financial impact that participating in a regional program has on families. Regrettably, our schedule may result in a limited number of days missed from school.

The US Youth Soccer National Championships has been developed to provide elite level teams and their players with extraordinary opportunities to showcase their talents in front of college coaches and National Team scouts who are charged with identifying and developing the teams that represent the United States in international competitions such as the Olympics and World Cup. The opportunity provided to the players is great both on and off the field. As we all know, players at the elite level are striving to extend their educational and soccer playing careers to the college level. Our event provides an exclusive group of players extra opportunities that have earned through their stellar play in US Youth Soccer State, Regional and National competitions. The date of our competition will be (please know to allow for a travel day before and after the competition days): July 23-28, 2024.

Thank you for your understanding in regard to the absence of US Youth Soccer National Championship players from school during our event. Please feel free to contact me with any questions. I can be reached at [tcondone@usyouthsoccer.org](mailto:tcondone@usyouthsoccer.org)

Sincerely,

*Tom*
